

CRIMP VALVE FOR PEX

Connecting Fixtures & Appliances to Pipe Systems

FlowTite[®]
4ALL
Crimp Valves

**FLUSH TO WALL
INSTALLATION**
Clean, flush-to-wall
installation with
matching escutcheon

REMOVABLE & REPLACEABLE
Twist off to remove valve.
Replace without cutting pipe.
Eliminate long dirty stub-outs

**PROVEN ACUDEL[®] CRIMP
COMPONENT MATERIAL**
Same dependable material used
by major PEX manufacturers for
in-wall crimp fittings.

ELIMINATE UNSIGHTLY LONG PEX STUB-OUTS

New FlowTite[®] 4ALL[®] One-Piece Crimp Valves

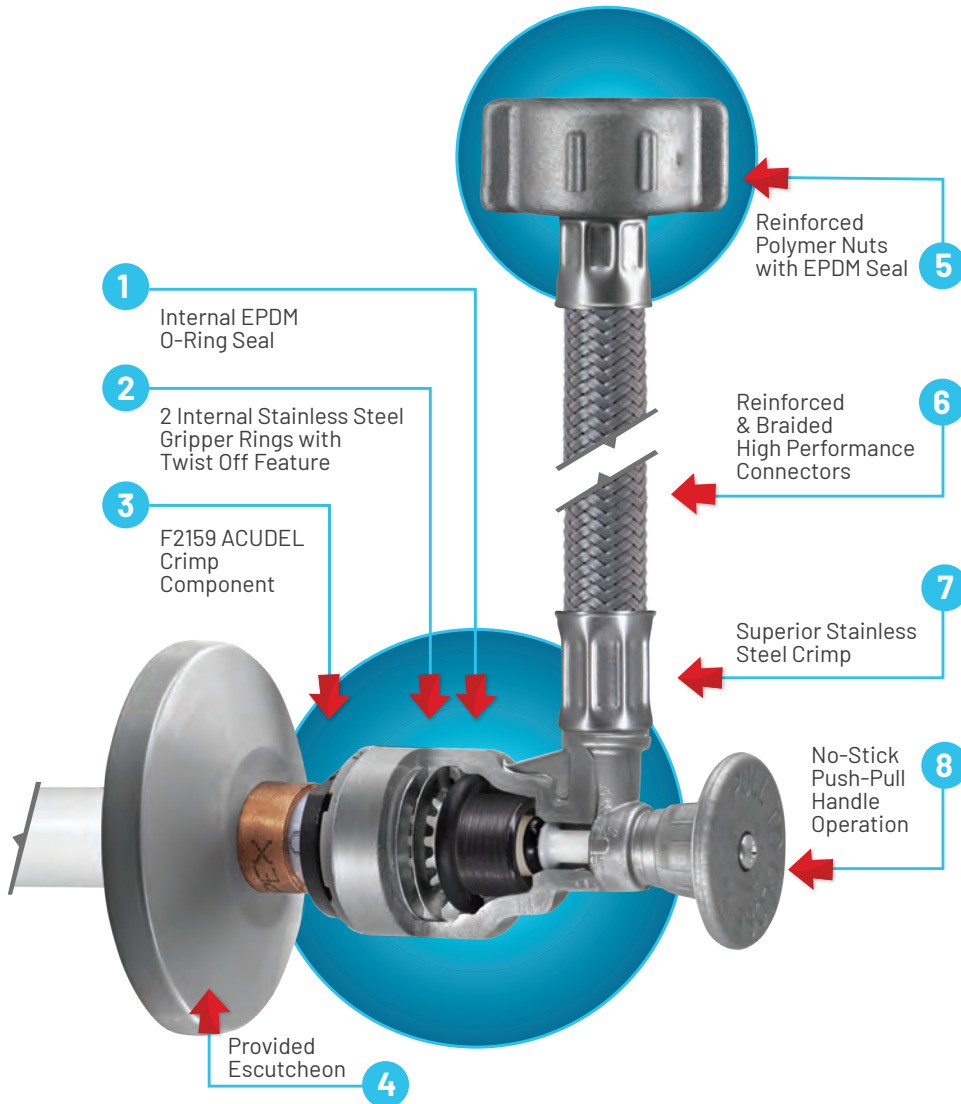

Do you prefer a crimp or clamp application on PEX pipe? The new FlowTite[®] 4ALL[®] Crimp Valve offers our reliable valve, factory installed on a crimp component. ACCOR Technology's innovative design is like no other because the crimp component is reusable.

These valves can be installed flush-to-wall and still be replaced in the future without requiring a long, unsightly stub-out. Just twist old valve off crimp component and push a new FlowTite[®] 4ALL[®] Valve. The ACCOR solution creates a clean, finished, residential look.

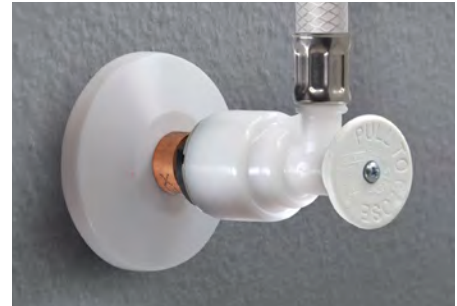

- SAME DEPENDABLE FLOWTITE[®] VALVE
- 10 YEAR WARRANTY INCLUDES LABOR
