trust in our people

Highland Tank[®]

Our mission is to engineer and manufacture innovative, high-quality products while maintaining excellent customer service and relationships founded on integrity.

**Proudly made
in America**

Petroleum and Chemical Storage Tanks

Our Storage Tank Division provides high-quality storage tanks in a wide range of sizes and configurations to satisfy the most demanding applications.

- [HighGuard Storage Tanks](#)
- [TITAN®-Jacketed Tanks](#)
- [Aboveground & Underground Propane Vessels](#)
- [Patented Overfill Protection Tanks](#)
- [Hopper Series Tanks](#)
- [Dike Tanks](#)
- [Lube Tanks](#)
- [Fireguard®-Tanks](#)
- [Horizontal](#) & [Vertical](#) UL-142 Tanks

Wastewater Treatment Systems

Oil/water separators from our Wastewater Division feature the patented Corella® coalescer. State-of-the-art coatings, linings, and fabrication techniques let us lead the wastewater treatment industry.

- [Aboveground & Underground Oil/Water Separators](#)
- [Oil/Sand Interceptors](#)
- [Elevator Sump Pump Interceptors](#)
- [Manual Oil Interceptors](#)
- [Advanced Hydrocarbon Filtration Systems](#)
- [HighCycle Washwater Recycle Systems](#)

Grease Removal Systems

Highland Tank manufactures the most comprehensive line of grease interceptors in the industry. We produce high-quality products suitable for installation in food processing facilities and commercial kitchens. We offer a wide range of grease interceptors compliant with various AHJ requirements.

- [GreaseStopper®-Automatic Grease Interceptors \(GRD's\)](#)
- [Gravity Grease Interceptors](#)
- [Hydro-mechanical Grease Interceptors](#)
- [Lift Stations](#)
- [Strainer Baskets](#)
- [Solids Interceptors](#)
- [Monitors](#)

Water Storage and Pressure Vessels

Highland Tank's Water Division includes water storage tanks for a variety of applications as well as code-compliant ASME pressure vessels, factory-applied NSF interior coatings, exterior corrosion protection and more. Many of these products help facilities qualify for LEED benefits.

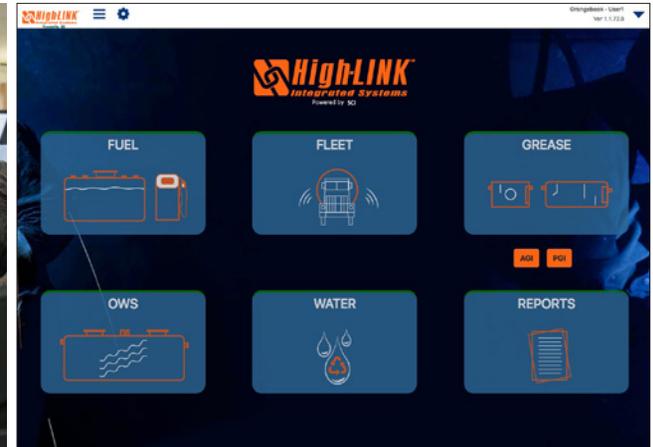

- [ASME Pressure Vessels:](#)
 - [Hydropneumatic Service](#), [Fire Protection](#), [Chlorine Contact](#), and [Air Service](#)
- [Rainwater Harvesting Systems](#)
- [Greywater Recycling Systems](#)
- [HighDRO® Water Storage Tanks:](#)
 - [Fire Protection](#), [Potable](#), [Wastewater](#), [Thermal Energy Storage](#)
- [Custom & Specialized ASME Vessels](#)

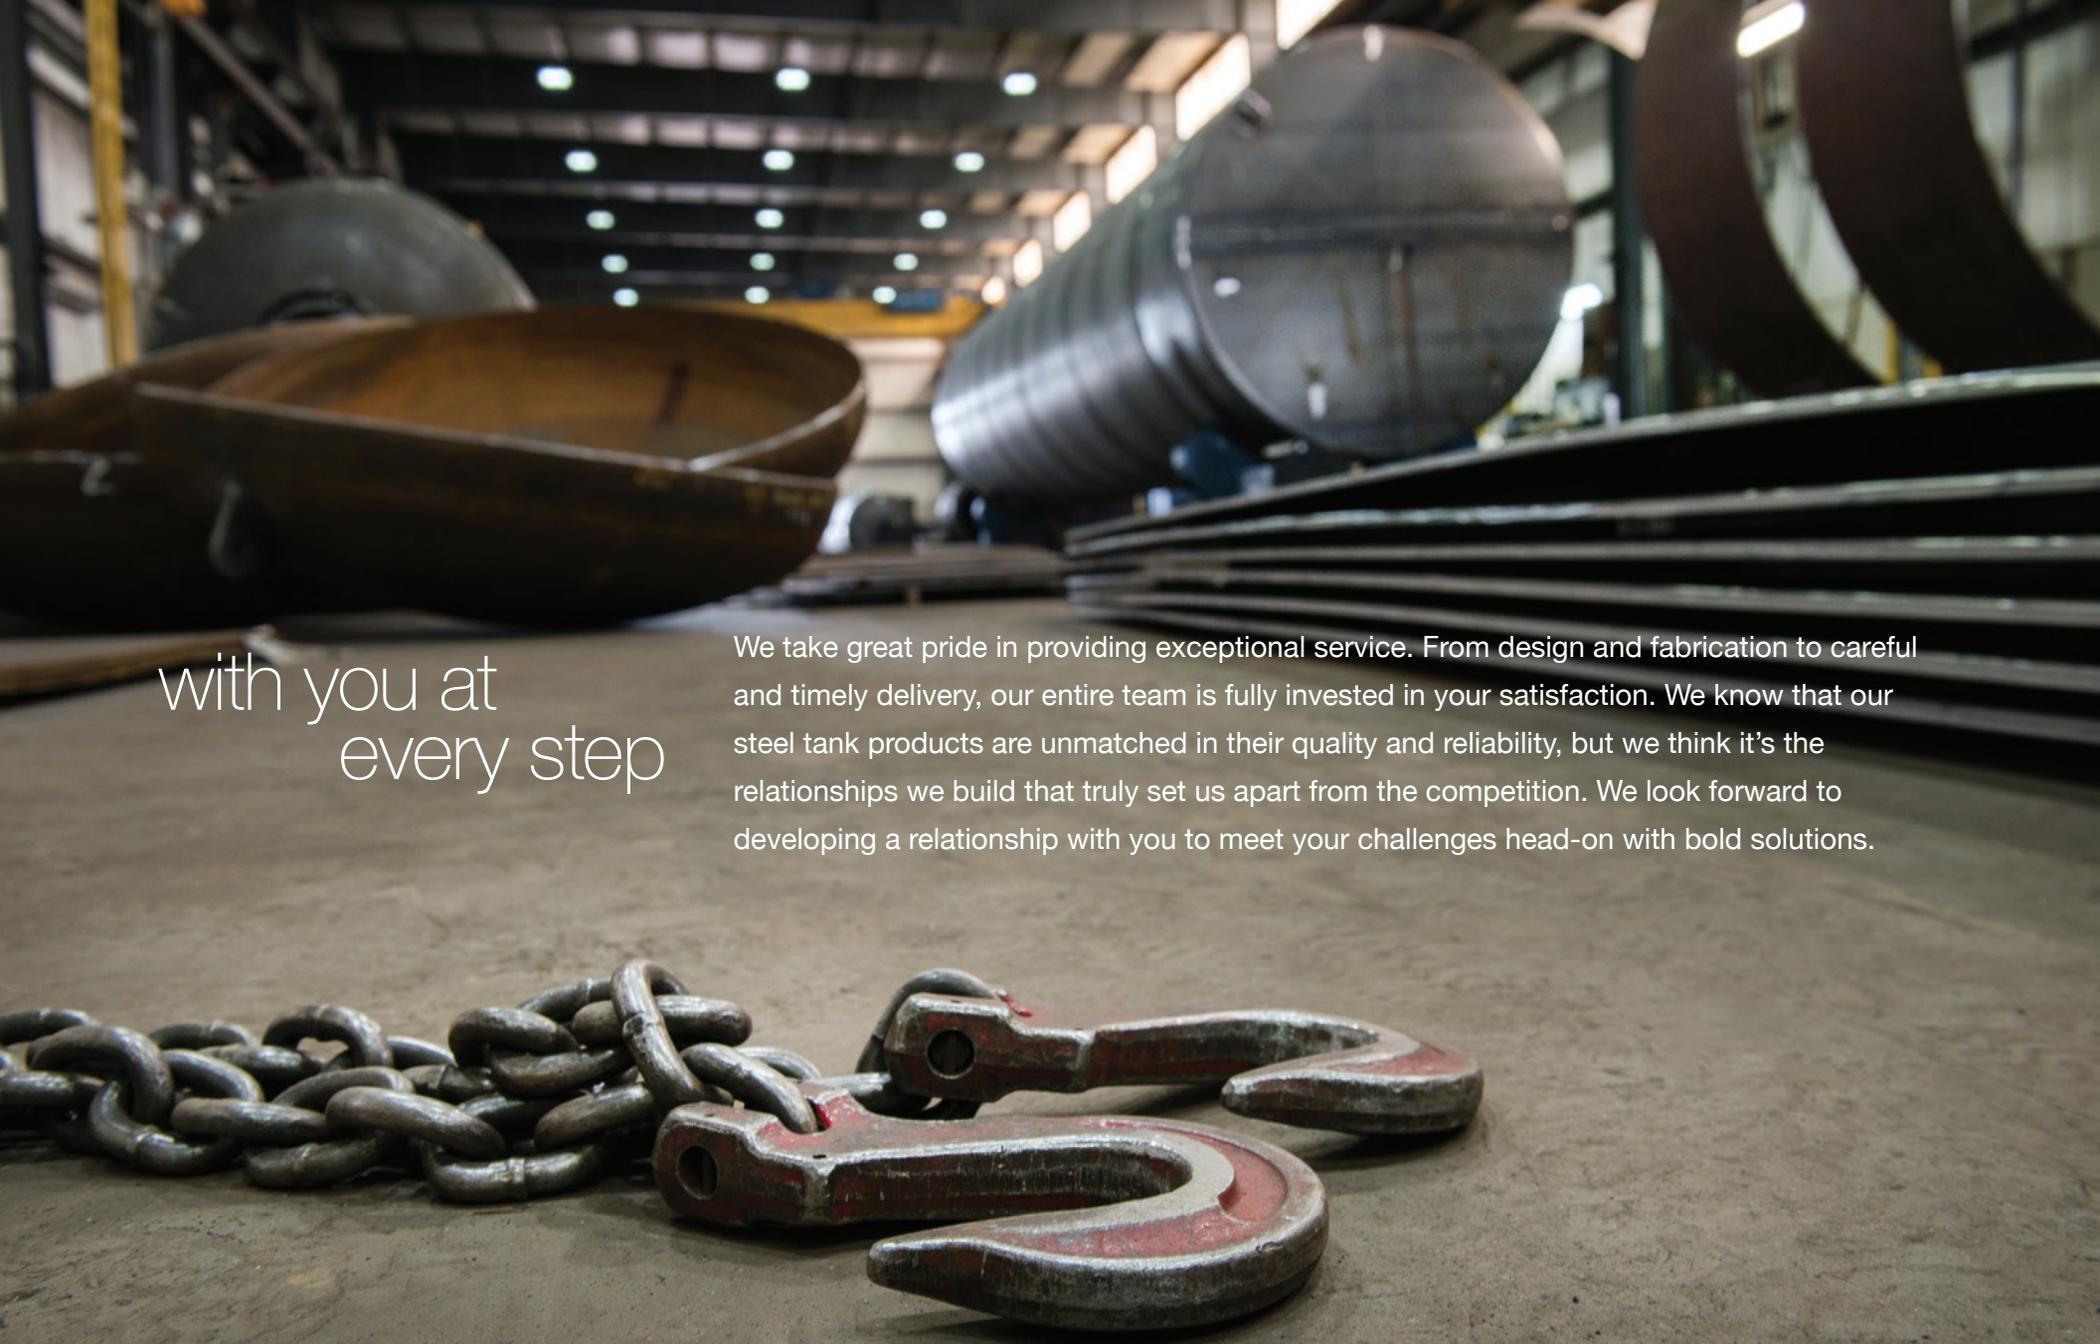

High-LINK® Integrated Systems enhance the intelligence of our superior steel storage tanks and liquid process systems. Coupling our products with state-of-the-art management devices and proprietary software provides real-time data to optimize usage, flow, and efficiency in all liquid operations. Vehicle tracking via GPS, diagnostic analysis, and video monitoring is also available with High-LINK®.

Fleet managers, fuel suppliers, facility managers, or anyone responsible for the movement, storage, or processing of liquids like fuel and water can benefit from applying of our High-LINK® Integrated Systems. Efficient and effective management of liquids is now conveniently available from anywhere, on any device, at any time — providing around-the-clock peace-of-mind.

A large industrial steel tank is under construction in a factory. The tank is the central focus, with its cylindrical body and circular end caps visible. The background shows the factory's interior with various steel components and structural elements. The lighting is dramatic, with strong highlights and deep shadows, creating a sense of scale and industrial strength.

with you at
every step

We take great pride in providing exceptional service. From design and fabrication to careful and timely delivery, our entire team is fully invested in your satisfaction. We know that our steel tank products are unmatched in their quality and reliability, but we think it's the relationships we build that truly set us apart from the competition. We look forward to developing a relationship with you to meet your challenges head-on with bold solutions.

Since 1946, Highland Tank has held a tradition of providing uncompromising craftsmanship and a commitment to providing solutions to even the most challenging storage tank projects.
